NOTES ON LISTING

This listing represents the locations of the contract awards in sewage treatment works, which are summarized in the annual report "Sewage and Water Works Construction - 1967." The total of 241 new plants for the United States shown below includes lagoons.

U. S. Totals:

241	New Plants	@	$133,516,617
1,419	Other	@	417,935,877
1,660	Total		$551,452,494

The type 6600 refers to contracts that concern sewage treatment, but whose costs cannot be separated into the five categories (new plant; lagoons; replacements and additions; interceptors; and outfalls). However, this 6600 category is broken down as follows:

6610 New plant including lagoons and interceptor
6620 New plant including lagoons and outfall
6630 New plant including lagoons, interceptors, and outfalls
6640 Interceptors and outfalls
6650 Replacements and/or additions to plant and interceptors
6660 Replacements and/or additions to plant and outfalls
6670 Replacements and/or additions to plant, interceptors, and outfalls
6680 Sewage pumping facilities
